AHMA is working with the Rocky Mountain AHMA and other NAHMA chapters to offer the program to their members as well. IPAH is endorsed by Oregon AHMA and CARH. - *The chapter presents a united voice on behalf of owners/managers on issues affecting the industry or individual members. This is important when hammering out policy or resolving an issue with a regulator, agency or another industry. Two examples: (1) AHMA took legal steps against HUD in 1997 and was successful in eliminating \$3.7 million in claims against current and former owners for alleged overpayments of subsidies dating back to the 1980's. (2) In the fall of 2003, AHMA filed an official letter of complaint with the regional Office of Fair Housing and Equal Opportunity (FHEO) on behalf of its members, asserting that the last minute cancellations of property and casualty insurance, and the escalation of premiums – sometimes over 400% – represented a form of 'redlining' by the insurance industry against AHMA operators.*
- *AHMA of Washington has kicked off a "GREEN TURN" initiative to save operating costs on-site!*
- *The web site created to assist Washington residents to find affordable housing (and reduce increasing vacancy levels among AHMA members) www.aptfinder.org.*
- *AHMA of Washington, working closely with its Performance Based Contract Administrator and the US Department of HUD, developed and published a set of Model Documents for exclusive member use on the www.ahma-nw.org web site. Passwords are required.*
